Attn: Dennis Todd

Dear Dennis,

I just wanted to send you a letter to let you know how satisfied we are here in Detroit with the performance of Wear-Con. The quality of the workmanship is exceptional, including meeting timelines, your employee's cooperation, health and safety attitude, project results, area clean-up and the ability to work within our financial parameters.

Your crew contacted me on several projects with suggestions to make improvements that were outside the project scopes. They didn't have to do this, but seeing the possibilities for better results they stepped up and made the suggestions. I believe Wear-Con has the commitment to its customers to provide them with good service and the desire to contribute to the plants success.

I would highly recommend Wear-Con to our other St. Marys plants throughout the company.

Regards,

A handwritten signature in cursive script that reads "Jimmy Sands". The signature is written in dark ink and is positioned above the typed name and title.
