Features & Benefits

Wear-Con **Speed-Steel Repair Stick™** 10 Minute Repair Epoxy is a steel-filled repair epoxy that applies like putty and cures to a metal-like finish. **Speed-Steel Repair Stick™** is quick, versatile, and easy to use - curing even in wet conditions - making it perfect for tough maintenance repairs.

Installation

Wear-Con **Speed-Steel Repair Stick™** is quick and easy to install. Just cut, roll, knead and apply (see diagrams at left). It's that simple! **Speed-Steel Repair Stick™** is workable for up to 3 minutes, and will cure completely in 10 minutes - even fully submerged in water.

Technical Specifications

Wear-Con **Speed-Steel Repair Stick™** can be used in applications with surface temperatures up to 150°F. **Speed-Steel Repair Stick™** is certified to ANSI/NSF Standard 61 for use in commercial and residential potable water systems up to 180°F.

Sizes

Wear-Con **Speed-Steel Repair Stick™** is available in economical 4 ounce sticks. **Speed-Steel Repair Stick™** is also available in a case of twelve.

(See reverse for **Speed-Steel Repair Stick™** Titanium High-Temp.)
